Experiences

TECHNOKART CONSULTANCY SERVICES

GENAI DEVELOPER

Onsite

Mar – Apr 2024

- Created a system for training sales team, also working on various products based on Generative AI.

DOTAGENT

Remote

PYTHON DEVELOPER

Sept – Mar 2024

- Built domain specific agents and developed Nextpy framework for building web apps in python.

Coding Achievements

- 1st in Startup and Innovation in Mind's Eye - Project Competition held at TCET on 13th Apr, 2024.
- 1st in AI Domain at VNPS'24 - National level project competition held at VCET on 6th Apr, 2024.
- 230 + problems solved on [LeetCode](#) - Solved using Python language and DSA concepts.
- 5 star on [HackerRank](#) for Python and Certified for Python, SQL and Problem Solving.

Projects

CRIME DEKHO – To Reduce Crime Rates.

- Applied Gen AI to convert FIR Details from hand written and audio format to structured format.
- Built Django website to analyse crime records, find hidden patterns and try to predict the possibility of a certain type of crime to occur in near future for helping better policing.

[ASKSCRIBE](#) – MERN, Gen AI Full Stack Website.

- Built a full stack website using React, JWT, Node, Express, Generative AI, Tailwind and MongoDB.
- Chatbot for user to ask questions on the topic related to the pdf content and get answer accordingly.

Skills

PYTHON | GENAI | DSA | REACTJS | DJANGO | FLASK | MONGODB | SQL | TailwindCSS | GIT

Certification

- [Generative AI with Large Language Models](#) COURSERA – Used OpenAI API Nov 2023
- [Crash Course on Python](#) COURSERA – Learned python with hands on practice. Jan 2022
- [Certificate for Completion of Java Training](#) IIT BOMBAY– Explored JAVA language Feb 2021

Education

Thakur College of Engineering & Technology

Kandivali, In

Pursuing Bachelor of Engineering, Major in Information Technology - 9.47 CGPI

2020 - 2024

South Indian Association School, High School & Junior College

Dombivli, In

Maharashtra State Board

SSC - 91.40%

HSC PCMB - 87.23%

2006 - 2020

Activities

TCET SHASTRA – The Coding Club of TCET

Kandivali, In

Python video editorialist

Oct 2022 – Oct 2023

- Prepared videos for explaining the solutions of the problems in coding contests conducted by our coding club at college, gave orientations to juniors for creating better coding culture.

HOBBY – SPORTS

- I am very passionate towards sports and like to play various outdoor games including cricket, badminton, volleyball, kabaddi, etc. Also, I have successfully led teams both during my time in Junior college and Engineering.
